

SOUTH BEAVERTON NAC MEETING

FEBRUARY 19th ■ 2004

7:00 P.M. ■ Southridge High School ■ Community Room

Main Topic

Metro is considering expanding Route 217. The options include a third ordinary lane, an HOV lane (High Occupancy Vehicle, *aka* car pool lane), or a toll lane which would be the first for Oregon. The South Beaverton NAC is hosting members of the Highway 217 Corridor Study who are asking various civic groups to allow them to present the options and take resident comments.

Our NAC presents topics both imminent and being planned. Sometimes when a topic covers an imminent action that was decided long before, people only then attend and express their opposition too late. But this presentation on Route 217 is about planning. Get involved at least a little. Come respond to the 217 proposals. What the public says during the planning stage really does get listened to. See you there!!

Get Involved!!
